

REMARKS

Regarding the status of the present application, Claims 1-8 are pending in this application. Reconsideration of this application is respectfully requested.

The disclosure was objected to for certain informalities noted by the Examiner. The specification has been amended to address the Examiner's issues, although the line numbers noted by the Examiner do not appear to correspond to those of the undersigned attorney. In any event, it is believed that the appropriate corrections have been made. In particular, the word "polyhase" has been properly spelled. "Fig. 2" has been corrected in the fourth paragraph of the Detailed Description. Also, the Abstract has been amended to eliminate superfluous language. In view of these amendments, withdrawal of the Examiner's objection is respectfully requested.

The Examiner indicated that Claims 1-8 were allowed and that the application is in condition for allowance, subject to correction of the above-noted informalities. The finding of allowable subject matter in this application is appreciated.

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure to the extent indicated by the Examiner.

In view of the above, it is respectfully submitted that the present application is in condition for allowance. Reconsideration and allowance of this application are earnestly solicited.

Respectfully submitted,
